OFFICE OF LEGISLATIVE COUNSEL ILLEGIB

Friday - (2 June 1964) 25X1

1. (Secret - GLC) [REDACTED] OSI, contacted us regarding an inquiry which was received from the Department of the Army concerning a request from Senator Yarborough to the Army for percentages by countries of manufacture of weapons which have been captured from the Viet Cong in Viet Nam. This was covered in an ORR report of 31 March 1964. After talking with Colonel Hyatt, Security Review Staff of the Army, and [REDACTED] LER, I advised Colonel Freeland, Army L&L, that our people did not regard these percentages as unclassified and felt that there should be some explanation in giving these figures to the Senator that these percentages, for a variety of reasons, should not be construed as indications of sources of weapons in the Viet Cong arsenal. I worked out with Colonel Freeland an informal basis for passing this information to the Senator for his personal use without attribution to the Agency.

2. (Secret - GLC) [REDACTED] OSI, called to advise that in response to a request from the staff of the Joint Committee on Atomic Energy, he had talked with them this morning and is preparing some material which has been requested by the Committee staff. [REDACTED] is preparing a memorandum for the record on his discussions with the staff.

3. (Unclassified - GLC) George Murphy, Joint Committee on Atomic Energy staff, called to pass on to us information regarding a disarmament conference being held in Dedham, Massachusetts. See Memo for the Record for details.

4. (Internal Use Only - JGO) Agency representatives met with the Moss Subcommittee in executive session on use of the polygraph. (See Memorandum For Record for details.)

Late in the day I received from the official reporters of the House office, room 158, Cannon House Office Building, copy No. 2 of 2 copies of today's hearing.
